Dear Alex Fedorowych,

I appreciate the help you have provided Ingham County in securing treatment for our youth. I was excited to hear that you plan to open a facility in the greater Lansing area, with 10 beds to service children with autism. It seems that we are encountering an increasing number of children who are diagnosed with ASD and who need specialized treatment to help them stabilize and live successfully in the community. I believe this could be a great help to the families and children-in-care.

Respectfully,

Chad Hannahs
